(IN THE COMMITTEE)

The Committee rose and reported progress.

Mr. Speaker delivered his reserved opinions:

Honourable Members:

At the opening of today's sitting the Honourable Member for Nelson-Creston sought to move adjournment of the House, pursuant to Standing Order 35, to discuss a definite matter of urgent public importance, namely, the Government's announced intention to close the David Thompson University Centre.

As all Honourable Members are aware, the restrictions relating to a motion under Standing Order 35 are numerous and in this regard I refer the Members to May, 16th Edition, pages 368 to 374. On page 371 it is noted that a motion under this Standing Order will fail when a ordinary parliamentary opportunity will occur shortly or in time and in particular when the matter involved could be raised on estimates. It would seem to the Chair that the matter complained of could be raised during the estimates of the Minister of Education and while the matter is of some concern it does not qualify under the stringent rules applicable to the motion under Standing Order 35.

I have also examined an application by the Honourable Member for Alberni, pursuant to Standing Order 35, relating to the rolling over of forest licences into tree farm licences with an alleged loss of jobs in both the Government and private sectors. The Member further states that the transfers complained of are taking place without sufficient public analysis as to costs and benefits, and at the conclusion of his statement he refers to "deficiencies in information and in the public involvement process." I refer Honourable Members to the 16th Edition of May, at page 370, which states the many restrictions attached to such a motion. In particular, the matter, in order to qualify, must fit the following criteria:

- (a) it must deal with a specific single matter;
- (b) it must not be couched in general terms or covering a great number of cases; and,
- (c) it must not be offered when facts are in dispute or before they are available.

With great respect it seems to the Chair that the matter stated involves several assumptions which would make it difficult, if not impossible, for the Chair to identify the requisite certainty of the matter sought to be raised.

If the Member will examine the authority quoted, I am sure he will agree that the conditions have not been met.

K. W. DAVIDSON, *Speaker*

90 Mr. *Lockstead* asked the Hon. the Minister of Energy, Mines and Petroleum Resources the following questions:

1. What is the total cost of the Cheekye-Dunsmuir transmission line to Vancouver Island to date, including planning costs, interest during construction, wages, materials, etc.?
2. What is the anticipated total cost of the line on completion?
3. When will transmission of power to Vancouver Island on the Cheekye-Dunsmuir line commence?

The Hon. *C. S. Rogers* replied as follows:

"1. The total cost of the Cheekye-Dunsmuir transmission line to Vancouver Island up to July 31, 1983, including direct costs, overhead and interest during construction is \$480.1 million.

"2. The anticipated total cost, including direct costs, overhead and interest during construction is \$835.4 million.

"3. The transmission of power to Vancouver Island on the Cheekye-Dunsmuir line will commence in October 1983."

91 Mr. *Lauk* asked the Hon. the Minister of Energy, Mines and Petroleum Resources the following questions:

1. Which government officials requested use of the V.I.P. lounge and box seating area at B.C. Place Stadium for the Edmonton-B.C. football game on Sunday, September 25, 1983?

2. Which requests referred to in reply to No. 1 were accepted?

3. Which government officials attended at the V.I.P. lounge and box seating area for the Edmonton-B.C. football game on Sunday, September 25, 1983?

4. Did any of the officials named in reply to No. 3 bring guests?

5. If the answer to No. 4 is "yes", who were the guests and which government official extended the invitation?

6. For each guest referred to in reply to No. 5, what organization did he or she represent on this occasion?

7. What were the charges incurred for food at this event and to whom were these charges billed?

8. What were the charges incurred for beverages and to whom were these charges billed?

9. What amounts were incurred for admission, staff and other services and to whom were they charged?

The Hon. *C. S. Rogers* replied as follows:

"On September 25, 1983, the B.C. Place Suite was used by the Cabinet Committee on Economic Development to host some 24 members of the executive of The Canadian Manufacturers Association. Food and beverage charges were borne by the Government."

And then the House adjourned at 5.55 p.m.
