## REPORT OF SELECT COMMITTEE

To enquire into the nature of the correspondence alleged to have passed between the Junior Member for Lillooet and the Honourable the Chief Commissioner of Lands and Works regarding the construction of certain public works in said district.

---

MR. SPEAKER:

Your Committee beg leave to report as follows:—

That there was sufficient evidence produced to prove that correspondence in relation to public works of said district did pass between the Chief Commissioner of Lands and Works and the Junior Member for Lillooet; but the Chief Commissioner of Lands and Works informed your Committee that he had kept no copy of the letters referred to, as he considered them to be of an entirely private nature.

But your Committee are of opinion that the said correspondence is of an entirely public nature, as it refers to the expenditure of the public moneys in said district.

FRED'K WILLIAMS,  
*Chairman.*

*March 11th, 1878.*
