Order called for "Oral Questions by Members."

Mr. Speaker delivered a reserved decision as follows:

Honourable Members:

On Tuesday last the Honourable Member for West Vancouver-Howe Sound sought to raise a matter of privilege with respect to comments made by the Second Member for Vancouver East during debate on Monday, July 11. A matter of privilege may be raised at any time but must be raised at the earliest possible opportunity. I have checked the Hansard "Blues" for Monday afternoon which reveal the Member for West Vancouver-Howe Sound took his place in debate and raised the matter after the Member for Vancouver East had completed his speech. Clearly the earliest opportunity to raise the matter of privilege was Monday afternoon.

In addition, I note that the subject of the Member's complaint is an alleged misrepresentation by another Member. It appears from the Hansard report, and the Member's comments on Tuesday, that what is involved in this instance is a dispute between two members as to an allegation of fact. Such a dispute does not involve a breach of privilege. See page 198, *Parliamentary Practice in British Columbia*.

Mr. Speaker delivered his reserved decision as follows:

Honourable Members:

At the opening of today's sitting, the Honourable Member for Coquitlam-Moody raised, as a matter of privilege, the fact that a matter of Government policy was articulated outside the House by a Minister of the Crown and the inability of the Honourable Member's staff to obtain a copy of a so-called "Information Kit" relating thereto which had been generally distributed to school trustees and district officials.

The Honourable Member alleged that "the rights of all Members of this House were thereby affected" and that there was a "prima facie breach of the dignities of this House."

The Honourable Member cites no authority for the proposition which he advanced and the Chair can find no support in the authorities for the view that a *prima facie* case of breach of privilege has occurred. On the contrary, Mr. Speaker Dowding, as recorded in the Journals of the House, 1973, at page 14, observed, while citing his approval of a ruling of Mr. Speaker Lamoureux in the House of Commons that there was no precedent whereby policy statements had to be made in the House, and further, that the disclosure of a Government report to the press, which was not ordered by the House, nor was it the property of the House or any of its committees, did not constitute a *prima facie* breach of privilege. By analogy, I cannot find that failure to provide the Honourable Member's staff with a copy of the information kit in question would stand on any higher footing than a formal report of the Government. Hopefully renewed efforts by the Honourable Member's staff to obtain a copy of the kit will bear fruit, in view of the complaint which he has made, but I cannot find that any *prima facie* case of breach of privilege has been established in these circumstances.

K. W. DAVIDSON, *Speaker*

Resolved, That the House, at its rising, do stand adjourned until 10 o'clock a.m. tomorrow.

And then the House adjourned at 5.55 p.m.

Mr. Speaker delivered his reserved decisions as follows:

Honourable Members:

Following the oral question period on July 14, the Member for Skeena rose on a point of order relating to a question asked by the Member for Shuswap-Revelstoke, and the answer thereto given by the Minister of Transportation and Highways.

For guidance relating to questions generally, I would refer Honourable Members to the Journals of this House, June 30, 1982, at page 190 and *Parliamentary Practice in British Columbia*, pages 69 to 79.

K. W. DAVIDSON, *Speaker*

Honourable Members:

On Thursday last the Honourable Member for Burnaby-Edmonds rose on a point of order, namely, that the Hansard transcript did not include certain comments allegedly made by the Attorney General in tabling an annual report in the House.

Reports are filed in the House either in accordance with a mandatory statutory provision (as occurred in this case) or where no statutory provision exists, by leave of the House. In either situation debate is not permitted and the Hansard transcript records the event by way of a "style line," i.e., the event is recorded but debate does not take place and accordingly any remarks of the member tabling the report are not recorded.

I have checked the Hansard "blues" for Thursday last and confirmed that this procedure was used in the case at hand in accordance with existing practice.

K. W. DAVIDSON, *Speaker*

Mr. Speaker delivered his reserved opinion as follows:

Honourable Members:

On Friday last the Honourable Member for North Island sought to move adjournment of the House to discuss a definite matter of urgent public importance, namely, the discharge of the staff and the Director of the Human Rights Branch.

The determination of whether a matter comes within the confines of Standing Order 35 involves a finding that the business of the House should be set aside to consider the matter at hand. Such a finding cannot be made where there exists an ordinary parliamentary opportunity to discuss the matter. The Orders of the Day provide for consideration of the budget with priority over all other business except for introduction of bills and interim supply.

In view of the wide scope for debate allowed under the appointed business of the House, the application cannot proceed.

K. W. DAVIDSON, *Speaker*

Resolved. That the House, at its rising, do stand adjourned until 10 o'clock a.m. tomorrow.

And then the House adjourned at 5.56 p.m.

Tuesday, July 19, 1983

TEN O'CLOCK A.M.

The House resumed the adjourned debate on the motion for second reading of Bill (No. 3) intituled *Public Sector Restraint Act*.

That Mr. Speaker do now leave the Chair for the purpose of the House resolving itself into a committee to examine the subject matter of the Bill and to call for documents or witnesses, both friendly or hostile, and that the business of the committee take precedence over all other business except Introduction of Bills, Question Period, routine business and Committee of Supply and that said committee report to the House with all due haste.

Mr. Speaker ruled the motion out of order, stating that there was no precedent in parliamentary law for such a motion.

The Speaker's ruling was challenged.

The Speaker's ruling was sustained on the following division:

What are the Government plans and programs for logging of the Bell-Irving PSYU?

The Hon. *T. M. Waterland* replied as follows:

"The Bell-Irving Public Sustained Yield Unit is now a part of the Kalum Timber Supply Area. The Bell-Irving supply block of the Kalum TSA is presently financially inaccessible to and lacks sufficient sawlog quality timber to become a viable wood supply to Terrace sawmills.

"For those reasons, the Ministry has no specific plans and programs for that area at the present time and is prepared to consider viable proposals. There have been several unsuccessful attempts to develop the area in the past and several parties have expressed interest in the timber resources over the past few years. An acceptable proposal would have to be designed to utilize the profile of the forest, i.e., the pulp quality timber as well as the sawlog timber."

TWO O'CLOCK P.M.

Prayers by Capt. *R. M. Gardner*.

On the motion of Mrs. *Wallace*, Bill (No. M 204) intituled *An Act to Regulate Smoking in Public Places* was introduced, read a first time, and *Ordered* to be placed on the Orders of the Day for second reading at the next sitting after today.

Order called for "Oral Questions by Members."

Mr. Speaker delivered his reserved opinion as follows:

Honourable Members:

The Honourable Second Member for Victoria, at the commencement of the last sitting of the House, sought, pursuant to Standing Order 35, to move adjournment of the House on a definite matter of urgent public importance, namely, a reduction in funding for a specific community service.

The matter of supply for all Government services has been appointed for consideration by the House on the motion "That Mr. Speaker do now leave the Chair for the House to go into Committee of Supply." As Standing Order 35 (6) (d) provides that a motion under Standing Order 35 must not anticipate a matter which has been previously appointed for consideration by the House, the application by the Honourable Member must fail particularly in view of the fact that the House has given the question of supply priority over all other business of the House except Introduction of Bills.

K. W. DAVIDSON, *Speaker*

Order called for Committee of Supply.

By leave, on the motion of the Hon. *G. B. Gardom*, the House proceeded to "Public Bills and Orders."

On the Order being called for second reading of Bill (No. 4) intituled *Income Tax Amendment Act, 1983*, the Hon. *H. A. Curtis* (Minister of Finance) moved second reading of the Bill.

Mr. *Howard* rose on a point of order, namely, that a taxation bill could not proceed prior to completion of the Budget Debate and cited a ruling of Mr. Speaker Davie, March 24, 1932, British Columbia Journals, 1932, page 78.

Mr. Speaker stated that he would take the matter under advisement without prejudice to the position of the Member.

The Hon. *H. A. Curtis* sought to move adjournment of the debate until later today.

Mr. Speaker ruled that it was competent for the mover to move adjournment of the debate and cited the precedent to be found at page 79, British Columbia Journals, 1932.

On the motion of the Hon. *H. A. Curtis*, debate on the motion for second reading of Bill (No. 4) was adjourned until later today.

On the motion for second reading of Bill (No. 9) intituled *Municipal Amendment Act, 1983*, a debate arose, which was, on the motion of Mr. *Reid*, adjourned to the next sitting of the House.

Resolved, That the House, at its rising, do stand adjourned until 10 o'clock a.m. tomorrow.

And then the House adjourned at 5.50 p.m.
