Mr. Speaker made the following statement:—

*Honourable Members*,—Yesterday, after the Chairman reported progress and asked leave to sit again, the Honourable the Leader of the Opposition asked leave to suspend Standing Orders to permit the moving of a motion to record in the Journals of the House a division in Committee relating to Resolution No. 134.

A point of order was taken by the Honourable the Attorney-General that the Chairman had not reported any matter to the Speaker which would give the House knowledge of a division in Committee. The Chair sustained the point of order as it is fundamental that only by a report from the Committee can the House be made aware of what took place in the Committee. Therefore, the proper course to follow to so record a division is for the Committee, by motion, to include in its report (either of Resolutions or progress) that the Committee recommends the recording of the division. Such a report overcomes any possible objection that the House has no knowledge of the division in Committee.

If a member then moves in the House to implement the Committee's recommendation, unanimous consent must be obtained to suspend Standing Order 16 (3), which provides that "Divisions in Committee shall not be recorded in the Journals."

An examination of the Journals will disclose that on other occasions different procedures may have been adopted in this connection. In such cases, there having been no objection taken, the consent of the House on those occasions must be implied. However, such consent should not be taken as establishing any rule at variance with those which I have stated.

W. H. MURRAY, *Speaker*.

*Resolved*, That the House, at its rising, do stand adjourned until 2 o'clock p.m. today.

And then the House adjourned at 12.16 a.m.
