Wednesday, May 17, 1978

HALF-PAST EIGHT O'CLOCK P.M.

Mr. Speaker delivered a reserved decision as follows:

Honourable Members:

I have now had an opportunity to consider the matter of privilege raised yesterday by the Honourable Member for North Vancouver-Capilano.

The essence of the Honourable Member's complaint is that he was denied, in the Select Standing Committee on Public Accounts and Economic Affairs, the opportunity to put questions of a certain nature to a public servant. The Honourable Member stated, and I quote:

"The means of enforcing this refusal was through an unprecedented motion, passed by the Government majority, that the Opposition Chairman leave the Chair, which amounts to closure."

In reading Sir Erskine May's 17th edition, at page 134, I find the following statement:

"Generally speaking, a matter alleged to have arisen in a committee, but not reported by the committee, may not be brought to the attention of the House as a question of privilege."

The Honourable Member's complaint clearly arises from matters alleged to have arisen in committee and, as there is no report by the committee, this alone in accordance with the cited authority would appear to preclude the House from dealing with it as a question of privilege.

I also note that the Honourable Member further indicated in his written statement of the matter his proposed motion, namely:

"that the Selection Committee be instructed by the House to strike a special committee to inquire into the aforesaid matters and other events having to do with privilege and arising out of the meeting of the Committee of Public Accounts this morning, such special committee to be Chaired by a Member of the Opposition, and to meet and consider the above reference, with all convenient speed and report back to the Legislative Assembly."

In view of a ruling by Mr. Speaker Lamoureux cited, with approval by Mr. Speaker Dowding, Journals of the House, 1975, at page 48, the Honourable Member is confronted with a further problem. The ruling reads, in part, as follows:

"The second procedural difficulty comes from the form of the motion proposed by the Honourable Member for St. John's East. In my view, the motion should follow the question of privilege as a logical sequence. Such a motion cannot merely ask that the committee investigate whether or not there has been a breach of privilege, it must allege a breach of privilege. It should not simply propose that a matter be investigated to determine if there is or is not a breach of privilege.

"In the result, nothing occurred on last Thursday which could set into motion the processes relating to breach of privilege,"

In light of these authorities I cannot see how the matter can proceed further.

If it is also necessary for me to consider whether or not a *prima facie* case of privilege has been established, I would have great difficulty in doing so. As I have earlier noted, the Honourable Member complains that as the result of a motion being carried in the Committee that the "Chairman leave the Chair" he was cut off at that point from pursuing a certain line of questioning which amounted to closure. Honourable Members will know that dilatory motions are not infrequently made in the House and in Committees of the Whole House which, if carried, have the effect, and indeed are, or may be made for the purpose of superseding a question. I cannot see how, when such a motion is carried, whatever its immediate effect on proceedings then in progress, it could give rise to a valid claim of *prima facie* breach of privilege, and I would so rule.

H. W. SCHROEDER, *Speaker*

The Hon. H. A. Curtis presented to Mr. Speaker a Message from His Honour the Lieutenant-Governor, which read as follows:
