
PETITION.

To the Honourable the Legislature of British Columbia, in Parliament assembled :

The humble petition of Donald McGillivray, contractor ; John B. Pike, contractor, and John Milner Atkins, druggist, all of the City of Vancouver, in the Province of British Columbia, sheweth :—

That your petitioners are desirous of forming and being incorporated as a joint stock company for the purpose of constructing, operating, and maintaining electrical works, and establishing an electric supply system in the vicinity of Burrard Inlet, and having conferred on them power to take and use so much of the waters of the Coquitlam and Lynn Rivers as may from time to time be necessary for the purpose of generating power and generating electricity to be used as a motive or illuminating power for any purposes for which electricity may be applied or required ; with power to the said Company to do all things necessary or proper for the generating or transmitting electricity :

Your petitioners submit that the establishment of an electric supply system, such as is herein indicated, would be a public benefit.

Your petitioners, therefore, humbly pray that your Honourable House will be pleased to pass an Act incorporating “The Coquitlam Electric Company, Limited,” and conferring upon the said Company the powers above set out, and all other usual and necessary rights, powers, and privileges.

And your petitioners, as in duty bound, will ever pray, &c.
