43 Mr. *Gibson* asked the Hon. the Minister of Finance the following question:

Pages 14 and 15 of the 1977 Budget include the following quote: "Administrative costs have become extremely high in comparison with benefits paid. During 1974—the last year for which results are available—all levels of government in Canada spent a total of \$23.3 billion on some of the most obvious income distribution schemes; such as federal Old Age Security, Guaranteed Income Supplement, family allowance, unemployment insurance and Canada Pension programs and the comprehensive Provincial GAIN program. This is equal to the total output of the three prairie provinces combined, or one and one-half times the production of the entire British Columbia economy. However, the disturbing thing is that out of every \$100 paid out in benefits, another \$25 must be paid out in administration."

How did the Minister arrive at the figure of \$25 in administrative costs for every \$100 in benefits?

The Hon. *E. M. Wolfe* replied as follows:

"The information was based upon internal B.C. Government analysis in December 1976. A review was conducted on income redistribution programs from all levels of Government based on data available for selected publications of

Statistics Canada, Public Accounts Canada, and Unemployment Insurance Commission from 1973 to 1975. The analysis indicated that in 1974 on a Canada-wide basis, administration costs for implementing income redistribution programs amounted to approximately one-fifth of the total benefits paid; that is, for every \$100 paid out in benefits, an additional \$25 is absorbed in administration."

40 Mr. *Skelly* asked the Hon. the Minister of Finance the following questions:

With respect to lands purchased by B.C. Hydro and Power Authority in the Peace River Valley in areas to be affected by the proposed Site C dam—

1. What is the legal description of each parcel purchased?
2. What is the area of each parcel purchased?
3. What is the name of the owner of each parcel purchased?
4. What is the price paid by B.C. Hydro for each parcel?

5. What is the lease rate for each parcel leased back and the name of the lessor of each parcel purchased by B.C. Hydro?

The Hon. *E. M. Wolfe* (Minister of Finance) stated that, in his opinion the reply should be in the form of a return and that he had no objection to laying such return upon the table of the House, and thereupon presented such return.

The Hon. *J. A. Nielsen* (Minister of the Environment) presented the Annual Report of the Ministry of the Environment for the year ended December 31, 1977.

By leave, Mr. *Bawtree* tabled Reports of the Select Standing Committee on Agriculture as follows:
