Honourable Members:

Yesterday, the Honourable Second Member for Victoria sought to invoke the provisions of Standing Order 35 and provided the Chair with a written statement of the matter, namely, proposals for the provisions of a vehicle ferry service between Victoria and Seattle.

I have examined the material submitted by the Honourable Member and listened carefully to his statement. It is clear that the matter complained of is similar to a number of matters which have been ruled on by previous Speakers of this House who gave their opinions to the effect that the matter did not qualify under the provisions of Standing Order 35 in view of the fact that it involved an on-going matter. In addition, I would note that a parliamentary opportunity for debate is at hand through the vehicle of the Estimates. While the matter raised is undoubtedly one of great interest to the residents of Victoria and Lower Vancouver Island, the Member seeking to invoke Standing Order 35 must bring himself within the ambit of the rules relating thereto.

Accordingly, I am not prepared to set aside the ordinary routine of parliamentary business.
